

Scientist or Engineer Drawing Requirements

On an 8 ½ X 11 sheet of white paper, draw a picture of the first image that popped into your mind when you heard the word “scientist” or “engineer.”

- Picture must be of a person
- Picture must be completely colored including the background
- Picture must have a background or some sort of scientific/engineering environment
- On the back of your drawing describe your picture in writing – what is the *scientist/engineer* in your picture doing?
